

Learning Commons Project – Update and THANK YOU’S! ☺

We are pleased to announce that after some final renovations this summer, the Learning Commons is near completion. And what a learning space it has become! Student use of the Learning Commons has increased by 200% and it is now a welcoming and comfortable space for students to gather, collaborate, investigate and learn:

We would like to extend a HUGE thank you to our parent community who so amazingly supported us in this endeavour! We know that this space is making a difference in the lives and learning of our “21st century learners” as they continue to develop the collaborative and technological skills for their future endeavours.
