| <input type="checkbox"/> Difficulty breathing or swallowing; | <input type="checkbox"/> Fainting or loss of consciousness; |
| <input type="checkbox"/> Panic or sense of doom; | <input type="checkbox"/> Other (please specify) _____ |
| <input type="checkbox"/> Throat tightness or closing; | |

EMERGENCY MEASURES

- Get **EpiPen® (epinephrine)** or other **Medication** and administer immediately.
- **HAVE SOMEONE CALL AN AMBULANCE** and advise of need for an **EpiPen® (epinephrine)**.
- Unless student is resisting, lay student down, tilt head back and elevate legs.
- Cover and reassure student.
- Record the time at which **EpiPen® (epinephrine)** was administered.
- Have someone call the parent.
If the ambulance has not arrived in 10-15 minutes, and breathing difficulties are present, administer a second **EpiPen® (epinephrine)**.
- Even if symptoms subside, students require medical attention because there may be a delayed reaction, take the student to the hospital immediately in the ambulance.
- If possible, have the parent or a school staff member accompany the student to the hospital.
- Provide ambulance and/or hospital personnel with a copy of the Severe Allergy Alert Form for the student, and the time at which the **EpiPen® (epinephrine)** or **Medication** was administered.

I understand why I have been asked to disclose the above student's identifying information and I am aware of the risks or benefits of consenting or refusing to consent to the disclosure. I voluntarily give the school consent to place a copy of this form in the student's cumulative student record, post this form including student's picture in appropriate locations within the school, take the Emergency Measures and share this information, as necessary, with the staff of the school and health providers.
