

October 2015

Dear Aberhart Parents, Staff, Friends:

I hope you had many BBQ's during our glorious summer. I know I did and, as a result, my freezer is looking alarmingly empty! I need more of those tasty Spolumbos sausages and burgers and what better way to fill my freezer and help out the school than have our own fundraiser.

As most of you know, the school is undertaking a renovation of the library to create a more welcoming and collaborative space for our students –

**The Learning Commons.** There are not enough Government funds to assist with this initiative and your School Council and its fundraising arm, the Friends of Orange, are now helping raise funds to help with its completion. Please find attached a brief description of the Learning Commons and its educational objectives. This is a legacy project. We will be contributing not only to our own students, but decades of student to come. We want to raise \$30,000 by the end of the year using a combination of your donations (thank you and gratefully received), fundraisers and grants.

How can you help? Order sausages and burgers! Get your friends and family to order sausages and burgers! We are selling by the case so if you want, you can split and share with friends and family but this will not be done for you. Please have all orders in to the Main Office **by Monday, Oct. 26 at 4pm** so we can all have our orders for those late fall BBQ's, Sunday brunches and turkey stuffing! Spolumbos has told me that it will be **2-3 weeks for delivery** after they receive our orders. I will email out a confirmed date for pick up once I hear from them.

**Please have all cheques made out to Friends of Orange Association.**

Thank you for your support!

Regards,

Susan Bennett  
Chair, Friends of Orange Association  
Chair, William Aberhart School Council
