About this opportunity...

The Calgary Board of Education has leveraged its relationship with PC Corp and Office Solutions Inc. (OSI), its official computer vendors. These businesses are now offering an exceptional value that is available only to CBE students & their parents.

These offers provide special pricing on laptop computers, related products & optional software that will be installed by the vendor. Software titles include; Read & Write GOLD, SMART Notebook and Comic Life.

A special but separate opportunity to purchase and download Microsoft Office Professional - Student is available. Further details about this download can be found at: <http://cbe.onthehub.com>

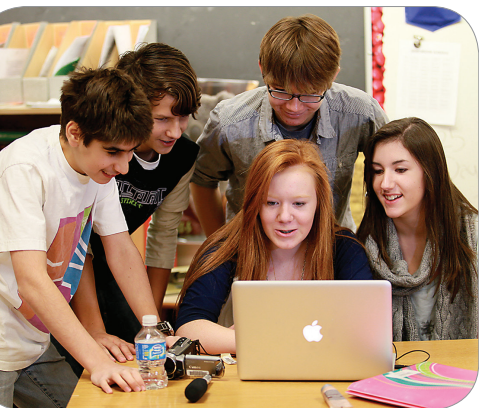

It is important to know that proceeding with this special offer represents a purchase agreement that is solely between the parent/student and the respective vendor. The CBE's role is limited to informing students and parents of the special offers provided by the vendors.

Educational Laptop Purchase Opportunity

**Calgary Board
of Education**

Success for every Child, Every Day, No Exceptions!

Technology can help many children address unique learning needs or challenges they may have. Read & Write GOLD is an example of an application that provides special learning supports that many students find beneficial.
